Shrishaanth U

github.com/shrishaanth linkedin.com/in/shrishaanth-dev shrishaanth2024@gmail.com +91 7010048373

Summary

Computer Science student learning full-stack development, algorithmic problem solving through hands-on projects involving real-time and high-performance systems.

Education

College Present
PSG College of Technology, M.Sc. Software Systems (Integrated) CGPA: 9.18 / 10

XII (Higher secondary, State board) 2024
S.B.O.A Matric. Hr. Sec School, Coimbatore Percentage: 95.6 %

X (SSLC, State board) 2022
S.B.O.A Matric. Hr. Sec School, Coimbatore Percentage: 92.6 %

Technical Skills

Languages: Python, C++, C, JavaScript, TypeScript
Frameworks: Node.js, Express.js, React.js, Socket.IO
Data & ML: PyTorch, NumPy, Pandas, Scikit-learn, Matplotlib, SciPy, Streamlit, Plotly
Databases: MongoDB, Oracle
Platforms & Tools: Linux, Windows, Git, Docker, Postman

Projects

Taskify.io github.com/shrishaanth/Taskify.io
TypeScript, MongoDB, Express, React, Node.js, Socket.IO

- Multi-tenant Kanban app: two-layer RBAC and DB-enforced tenant isolation, re-checked per request.
- Real-time board sync via Socket.IO with room-scoped events and optimistic, server-reconciled moves.
- JWT auth with rotating, revocable refresh tokens.

SurgeMap github.com/shrishaanth/SurgeMap
PyTorch, NumPy, Pandas, Scikit-learn, Matplotlib

- Graph engine over 253-zone NYC TLC directed graph with custom graph convolution.
- GRU reads 4-hour spatial history to emit 5/15/30/60-minute demand forecasts per zone.
- Cuts RMSE by 3–10% vs. ridge regression, with the largest gains at longer horizons.

Syntropy github.com/shrishaanth/Syntropy
Python, Pandas, NumPy, SciPy, Streamlit, Plotly

- Point-in-time quantitative pipeline estimating time-varying risk via EWMA.
- Allocates capital through a Hierarchical Risk Parity (HRP) engine.
- Validates performance via walk-forward backtesting with zero future-data leakage; outputs a Streamlit dashboard for benchmarking.

Extracurricular Activities and Achievements

Drawing
Freehand pencil sketching — studying light, shadow, and proportion in everyday objects.

Photography
Casual photography — capturing everyday scenes and exploring composition and lighting.
